$1 + 1 =$

$2 + 2 =$

$3 + 3 =$

$4 + 4 =$

$5 + 5 =$

$6 + 6 =$

$7 + 7 =$

$8 + 8 =$

$9 + 9 =$

READING SKILLS

Please read your reading book with an adult at home. You now have your yellow reading record books to record in as well!

Adults - reading doesn't always have to be our school reading book - any books you read at home can be recorded - even comics and magazines count!

Ask your child questions about what they have read or stop them and get them to predict what might happen next - we want to check that as well as decoding words and recognising the words they are reading that your also understands the context and content of the story.

English

Can you use the words first, next, then, after that and finally to tell an adult all the things we did when the firefighters visited us.

Maths

How much money is there in each jar?
