

SPELLINGS		Place value and number (be able to count in steps of 7)		READING SKILLS
<b>Learn</b>		<b><u>Write out your 7x tables and learn for a test on Friday.</u></b> <b>Watch out - they are jumbled up!</b>		<p>Please make sure you are reading every night. This can be on your own; however it is also a good idea to read to an adult. This can be your parent, older brother or sister or even a family friend.</p> <p>Remember the Reading Challenge in school. Each person who gets an adult to listen to them read and writes in their reading record 3 times a week gets a raffle ticket and could win a prize!</p>

LITERACY	Numeracy - mental addition
<p>Write a blurb for The Snow Dragon. You need to tell the reader what happens in the story but not give away too much at the same time!</p>	<ol style="list-style-type: none"> <li>1) <u><math>32 + 65 =</math></u></li> <li>2) <u><math>85 + 14 =</math></u></li> <li>3) <u><math>534 + 221</math></u></li> <li>4) <u><math>678 + 211</math></u></li> <li>5) <u><math>712 + 236</math></u></li> </ol> <p><u>Carol has 562 lemons. She buys 212 more, How many lemons does she have altogether?</u></p> <p><b><u>Spot the mistake:</u></b>  <u><math>463 + 228 = 6811</math></u></p>
